

To Whom It May Concern:

I must start out by saying that our wedding day was absolutely beautiful and memorable. In one word, our wedding day was "perfect"! Everything went off seamlessly and everyone had such a great time; us included!

Weddings of Romance was the biggest help in organizing our budget and schedule from our first meeting. Our wedding coordinator listened to our ideas, worked within our budget, and helped us to stay on track of the most important items for each month. She was always available to answer email, phone calls, and questions that came up and assisted us with our invitations, vendors, coordination of wedding party and rehearsal. She also did our table arrangements and followed through on things I wasn't able to do myself.

Weddings of Romance helped us immensely in reducing our stress level while also pulling off an extraordinarily elegant wedding within our budget. It was also important to have several options, know what proper etiquette was, and have creative ideas for each aspect of the wedding day. Weddings of Romance provided all of those details for us, so I didn't have to spend countless hours researching it myself!

No matter who you are, you are going to feel a little nervous or stressed the morning of your wedding. Charla, our wedding coordinator, was amazing in helping diminish those fears. She picked up our luggage the morning of and took it to the hotel, decorated our room, and had agendas for everyone in the wedding party. She went to the reception site ahead of time to ensure everything was going according to plan.

Charla was even able to secure a horse drawn carriage, that very day, as our getaway ride following the reception. This was a huge treat and surprise for us, since it had been an idea that we didn't follow through on because of the cost. She got it for the day to day cost and made that dream getaway a reality! Everything went really smoothly and it was so much fun for our bridal party and parents to relax and just know that "Weddings of Romance" had it under control!

I would absolutely recommend Weddings of Romance. If anyone ever wanted to contact me for a phone referral I would be happy to talk to you. Then I could give you my 5 star recommendation in person!

Weddings of Romance truly lives up to their statement of ensuring you are completely satisfied with the wedding planning process. They truly listen to your ideas and help you turn those into something truly beautiful. I was duly impressed with the level of detail and attention given to things I had mentioned that needed happening. They are truly your best bet for personal attention and reasonable pricing for their services.

Sincerely,
Rosie (Goscinski) Fitzgerald
